### Seminar Aims and Objectives

The Cyprus Fiduciary Association ([www.cyfa.org.cy](http://www.cyfa.org.cy)) is organising one (1) live online dependent half-day (4-hour) seminar titled “**GDPR Seminar: Practical Aspects**”.

The General Data Protection Regulation (GDPR) is the toughest privacy and security law in the world. The regulation itself is large and far-reaching, making GDPR compliance a overwhelming prospect, particularly for small and medium-sized enterprises.

The aim of the seminar is to provide the overview of GDPR regulation and further focus on the practical aspects of GDPR implementation in Cyprus.

By the end of the seminar participants will be given the opportunity to understand the main principles of GDPR; to know key provisions of Cypriot Personal Data Law that differ from GDPR; the main areas of GDPR non-compliance identified in Cyprus and be able to analyse case studies of bans and penalties imposed by The Cyprus Commissioner for Personal Data Protection.

### Programme
