### Seminar Aims and Objectives

The Cyprus Fiduciary Association ([www.cyfa.org.cy](http://www.cyfa.org.cy)) is organizing one (1) half-day (3-hour) live webinar titled “**Cryptocurrencies: Boom or Bust?**”.

Cryptocurrency believers and sceptics alike are in for a treat. Well-known Limassol entrepreneur, Evis Zenios, will present the road of cryptocurrency from evolution to revolution and offer a glimpse into the volatile future of decentralized digital currencies that are taking the global financial and banking systems by storm.

By the end of the webinar, participants will be offered an inside look into the humble beginnings of cryptocurrencies, the evolution of the trend and the dubious years of doubt and contempt, before moving on to today and the spectacular progress of cryptos and the sheer potential they possess.

Will it last though? Tune in to find out.

#### **Mr Evis Zenios - Speaker**

Evis Zenios is a graduate of Boston University and the Massachusetts Institute of Technology (MIT) in the USA in Manufacturing Engineering, Robotics and Operations Engineering and has more than 25 years of experience in advanced Information Technology, engineering, and financial economics.

He is a highly experienced and successful risk analyst with extensive vocational experience in equities, commodities, Forex, binaries, business consulting and local and international financial planning.

He started studying cryptocurrencies almost a decade ago, first out of curiosity and intrigue, then out of a thirst for knowledge and nowadays, as he says, out of sheer necessity. He recently solidified his empirical knowledge of Decentralised Finance (DeFi) with a course on Digital Currencies offered by the University of Nicosia.

Evis has worked as an IT Consultant and Project Manager in various companies in the USA, served as Chief Technical Officer for the Zenios Group of Packaging Companies, founded and managed high-end hardware and business software solutions company, Wizline Technologies and headed the Limassol operations of Bionic Electronics. He is now the Chief Growth Officer of Krypto Security (Cyprus) Ltd.

He was born in Limassol. He is married and has four children.
